Addendum #: 6

This contract has been extended for 60 days, ending January 31, 2010. Please reference the terms which have been amended as of December 1, 2009.

1. Changes: No changes are required other than State purchasers are responsible for adhering to the following terms when obtaining product through Grainger's Sourcing Division.

In the event that a State purchaser utilizes the Grainger Sourcing Division for product which is not included in the Grainger catalog or website, the purchase must meet all of the following criteria: (1) the product or a reasonable substitute must not be available under any other State purchasing contract; (2) the price for the quantity ordered must be below the State's \$5,000 maximum non-bid purchasing threshold; (3) there must be a pressing need for the product; and (4) it must be in the nature of the manufacturing, repair, and operation products carried in the Grainger catalog or website.
